A Word From the Principal

Hello Deer Creek families,

The 2023-24 school year is well underway and students are settling into the routines of school again. I'm sure it has been an adjustment for everyone with the changes to our school day times, but I'm happy to report that one of the benefits we have seen already is a dramatic decrease in the number of students tardy to 1st Period each day. Another adjustment for students is the change to a longer lunch and recess period and the availability of free breakfast and lunch. With the slightly longer school day this year, it has provided a little more social and activity time for students and a more reasonable time for lunches.

We hope you'll take a few minutes to familiarize yourself with our school website, which includes links to the Campus Portal, calendars, forms and information, and much more. If you missed Back-to-School Night, you can even view the information session presentations on our website.

Welcome to New Staff

We are excited to welcome new staff members to our Deer Creek family:

Grades in Campus Portal

All grading information is available to families online through [Campus Portal](#). You can go directly to Campus Portal from our Quick Links on the Deer Creek webpage. Gradebooks are updated each week, so this is a great tool for staying informed of

continued...

A Word From the Principal, continued...

your student's progress throughout the year. Trimester report cards are also posted to Campus, so you have access to those records as soon as they are finalized each term.

Distribution of Materials around the School

From time to time, individuals or groups not affiliated with the school ask to distribute materials or items to students. Generally speaking, if a non-profit or community organization or group is providing an opportunity for our students, the school will make flyers available to students and may include information in our newsletter.

There are some groups, however, that wish to personally distribute items to students. We do not allow distribution of flyers, materials, food, or fundraising materials on the school grounds that are not directly approved by the school. However, while we may prohibit the distribution on school grounds, the sidewalks along Columbine Drive are not school property and are public walkways. As such, we cannot prevent groups or individuals from lawful distribution. Some examples that have confronted schools in the area include the distribution of donuts by a local youth group, fundraising for other schools, passing out religious materials, or flyers for an after-school for-profit program.

Because we cannot prevent the distribution of materials on the public walkways, I encourage you to ***talk frankly with your student(s) about not accepting materials from strangers*** around the school grounds or as they walk to and from school. Students are under no obligation to accept anything offered to them.

As always, we will continue to supervise the school area before and after school to ensure student safety, and we will monitor any distribution of materials to make sure they are compliant with the law.

Rob Hoover
Principal

Kids 10 & Under Eat Free

Illustrative Math Curriculum

We'd like to introduce you to the Illustrative Mathematics curriculum. This problem-based curriculum makes rigorous middle school mathematics accessible to all learners.

What is a problem-based curriculum?

In a problem-based curriculum, students spend most of their time in class working on carefully crafted and sequenced problems. Teachers help students understand the problems, ask questions to push their thinking, and orchestrate discussions to be sure that the mathematical takeaways are clear. Learners gain a rich and lasting understanding of mathematical concepts and procedures and experience applying this knowledge to new situations. Students frequently collaborate with their classmates—they talk about math, listen to each other's ideas, justify their thinking, and critique the reasoning of others. They gain experience communicating their ideas both verbally and in writing, developing skills that will serve them well throughout their lives.

This kind of instruction may look different from what you experienced in your own math education. Current research says that students need to be able to think flexibly in order to use mathematical skills in their lives (and also on the types of tests they will encounter throughout their schooling). Flexible thinking relies on understanding concepts and making connections between them. Over time, students gain the skills and the confidence to independently solve problems that they've never seen before.

What supports are in the materials to help my student succeed?

- Each lesson includes a lesson summary that describes the key mathematical work of the lesson and provides worked examples when relevant. Students can use this resource if they are absent from class, to check their understanding of the day's topics, and as a reference when they are working on practice problems or studying for an assessment.
- Each lesson is followed by a practice problem set. These problems help students synthesize their knowledge and build their skills. Some practice problems in each set relate to the content of the current lesson, while others revisit concepts from previous lessons and units. Distributed practice like this has been shown to be more effective at helping students retain information over time.
- Each lesson includes a few learning targets, which summarize the goals of the lesson. Each unit's complete set of learning targets is available on a single page, which can be used as a self-assessment tool as students progress through the course.
- Family support materials are included several times in each unit. These materials give an overview of the unit's math content and provide a problem to work on with your student.

What can my student do to be successful in this course?

Learning how to learn in a problem-based classroom can be a challenge for students at first. Over time, students gain independence as learners when they share their rough drafts of ideas, compare their existing ideas to new things they are learning, and revise their thinking. Many students and families tell us that while this was challenging at first, becoming more active learners in math helped them build skills to take responsibility for their learning in other settings. Here are some ideas for encouraging your student:

Illustrative Math Curriculum, continued...

- If you're not sure how to get started on a problem, that's okay! What can you try? Could you make a guess? Describe an answer that's definitely wrong? Draw a diagram or representation?
- If you're feeling stuck, write down what you notice and what you wonder, or a question you have, and then share that when it's time to work with others or discuss.
- Your job when working on problems in this class is to come up with rough-draft ideas and share them. You don't have to be right or confident at first, but sharing your thinking will help everyone learn. If that feels hard or scary, it's okay to say, "This is just a rough draft . . ." or "I'm not really sure but I think . . ."
- Whether you're feeling stuck or feeling confident with the material, listen to your classmates and ask them about their ideas. One way that learning happens is by comparing your ideas to other people's ideas, just like you learn about history by reading about the same events from different perspectives.
- At the end of class, or when you are studying, take time to write some notes for yourself. Ask yourself, "Do I understand the lesson summary? Do the learning targets describe me?" If not, write down a sentence like, "I understand up to . . . but I don't understand why . . ." Share it with a classmate, teacher, or other resource who can help you better understand.

We are excited to be able to support your student in their journey toward knowing, using, and enjoying mathematics.

Please take time to read the Unit 1 Family Overviews that will give you information about the learning students are doing in math.

From the School Resource Officer

WELCOME BACK TO SCHOOL!

I hope you all had an amazing summer! As we get into the swing of the new year, I want you to remember the following;

-When the **yellow lights are flashing**, it means the SCHOOL ZONE double fine is active. During this time, the **speed limit is 20 MPH**.

-**Please do not park in the crosswalk**. The crosswalk is there to ensure students, family and staff can safely cross the street.

-There are posted **No U-Turn signs** for approximately 600 ft in front of the school. In other areas, you may notice there are no postings preventing a U-Turn be made. However, Colorado Law states a vehicle may not proceed in the opposite direction if it interferes with or endangers other traffic. A quick U-Turn could turn into a tragic mistake.

Given the amount of students and vehicles in the area please be mindful of your actions while driving near the school.

If you have any questions please e-mail me.

Best,

Deputy B

From the Dean

Three weeks of school and we are back in the swing of things. While the change in the start time has been an adjustment, it seems that students are coming in a little more awake and ready to go. We wanted to say thank you to our families for your cooperation and patience with drop off and pick up at school! This has been the smoothest process we've seen in many years, and we appreciate your help. The year is starting off well with students being on time and it has made a big impact in our classrooms. Thank you! Please reach out with questions or if there is something we can do to support your student at school. We are looking forward to a productive and fun school year. Please read on for some other information.

Students watched a presentation covering information from the [Jeffco Student and Parent Handbook \(Conduct Code\)](#) and the [DCMS Student Handbook](#). The presentation included highlights of each handbook, not the full content. Both documents can be found on the DCMS website under Family and Student Resources.

It is important for students and families to read through each document to understand the expectations, responsibilities and policies of the school and district. Each student took home an acknowledgement form to be signed and returned to their teacher. Please support your student and the school by reinforcing the policies and expectations for a safe and supportive learning environment. Some additional reminders are provided below.

Attendance and Tardiness: Students should be in class and ready to learn by 8:50am. The doors open at 8:40 so having your student at the school at or before that time will ensure they will be on time for learning. Being late affects not only your student, but the teacher and the class. For a tardy to be excused, it must be called into the attendance line. A pattern of tardiness will result in consequences at school, so please help your student get to school on time.

Being in school consistently offers students the best opportunity for learning and academic and social/emotional growth. When your student is ill, please contact the school attendance line and work with your student to contact teachers and complete lessons on Google Classroom. Please read the attendance and tardy policies in the DCMS Student Handbook for more information.

Phones: Deer Creek is a phone-free zone during our school day and students should have their phones stored in their lockers during classes and at lunch/recess. Please read through the phone policy in the [Student Handbook](#). We appreciate your support with keeping the focus on learning and reminding your students to keep their phones in their locker.

Skateboard, Scooter and Bike Racks

Deer Creek has bike and scooter/skateboard racks available. They are along the wall, underneath the overhang, near the entrance doors on the southwest side of the school. Students will need to provide their own lock for their bike, scooter, or skateboard.

Skateboards/scooters fit in the wall rack vertically and are secured by two rings with your own lock. Non-motorized scooters can be folded to also fit in the rack. For the skateboard rack a standard combination lock is needed. Cable locks are not necessary. Locks are strongly encouraged for bikes as well.

Skateboards and scooters cannot be stored in the office, so they must be able to fit in the student's locker or in the rack.

Julia Skillern
Dean of Students

Conference Sign ups begin Monday, September 25

Fall Parent-Student-Teacher Conferences will be held:

Tuesday, October 10 from 4:30-8:30 PM PM

Thursday, October 12, from 4:30-8:30 PM

Wednesday Oct 18 from 4:30-8:30 PM.

There is also no school on Thursday and Friday, October 19 and 20 due to the district Fall Break.

Conferences will be scheduled online, with times available for 5-minute individual conferences over the three days. Watch for more information as September 25 approaches with instructions on how to sign up for conferences.

Mental Health Tips

3 Back to School Tips for Students

- Set a Schedule
 - ⇒ Create a daily schedule with your student. Help them map out their day and schedule times to complete homework, study, spend time with family and friends, and any activities that they are involved in.
- Use a Planner
 - ⇒ Using a planner can help students organize what they need to focus on first. Write out the dates of exams and prioritize homework due dates.
- Find a Successful Study Space
 - ⇒ Do they have a desk at home, a space away from others to focus on their school work where they can put forth their best work? Try out different places to see what area is the most successful for them.

Amanda Arnson
Social Worker

Yearbook News

Did you buy a yearbook when you paid your student's fees? If you didn't, the deadline to reserve a yearbook for \$30 will come sooner than you expect. Pay online where you paid your fees. Students who do not reserve a book by January 5 are not guaranteed one in May. We have sold out for the past three years.

We'd love to see your pictures of school activities like sports, socials, performances, clubs and field trips. If you have any photos to share with the Yearbook staff, please use this [Link to share photos](#). While we cannot guarantee that all shared photos will be published, if you don't share, your great pictures can't even be considered.

Jeffco Gifted and Talented Programming

Parents interested in Gifted & Talented programming in Jeffco may attend the virtual Family Info Night on Wednesday, Sept 13, 6:00-7:30 PM. Please use this link for information and the RSVP instructions: [Family Info Night \(GT ID and Center\)](#)

Library and Technology at Deer Creek

Chromebook Check Up

All student Chromebooks will be reviewed for physical damage and device functionality.

- In the event your student's Chromebook needs a repair, the device will be shipped to the Jeffco Repair Team. Your student will be issued a different TechforEd device.
- [Click here](#) for information about the TechforEd program at Jeffco Public Schools.

Coming soon for 6th grade:

The Pizza Hut BOOK IT! program is back! This is an optional reading program for our 6th grade students. Interested **students** can fill out [this form](#). It will also be posted in 6th grade Base Camps on September 7th. . The goal is for students to read at least 20 minutes every day. Each month that the goal is met they will earn a personal pizza from Pizza Hut. Mrs. Zanetti will work with students to record their progress and award certificates.

Per the terms and conditions of the BOOK IT! Program, it is available for our 6th grade students only.

Library Books:

The library is open and available for book check out. Books are checked out for 3 weeks at a time. There are no overdue book fines in Jeffco. However, a fine will be placed on your student's account for any books that are lost or intentionally damaged beyond repair.

We have been increasing our library collection to reflect the diverse population at our school. Please take a moment to read [this letter](#) regarding our library collection.

Library Donations

Starting in September, students will be able to come to the library during lunch and recess for a quiet place to relax. A big thank you to the families who have donated items to make this a fun space for our students. If you're interested in donating, check out our Amazon Wish List [here](#).

Deer Creek Middle School PTO News

Welcome to the 2023-2024 school year! We are excited to kick-off another year of advancing the academic and social efforts of the school by supporting classroom teachers, hosting social and informational events for parents, children and community members, and raising funds to cover the off-budget needs of the school! Please email us at deercreekpto1@gmail.com with questions, concerns, or ideas, or check us out on your favorite social media platform to keep up-to-date on what we are doing.

Dates to Remember

- September 5- Grade level Fall Fundraiser Assemblies
- September 6 and 7 - Fundraiser Prize Distribution
- September 12 - Spirit Night @ Panera from 4-8 p.m.
- September 21 - 8th Grade Social Luau, 6-7:30 p.m.
- September 28 - Day of Awesomeness
- October 2 - PTO Meeting at 6 p.m. in the Library

Deer Creek Middle School PTO News, continued...

Fall Fundraiser

Our fall fundraiser kicks off Tuesday, September 5, with grade-level assemblies. Students will want to participate and earn their spot at the "Day of Awesomeness" which will happen Thursday, September 28. Students can earn prizes, and we need parents' help to get the prizes distributed. The money we raise will go to fund teacher wish lists and Mimio boards to replace aging Smartboards and projectors. [Volunteer Sign-Up](#)

Thursday, September 28, will be our Day of Awesomeness, celebrating the end of our fall fundraiser. It will be 90 minutes of fun for each grade outside for every student who earns a Golden Ticket. We need 10-12 parent volunteers to help us run the outside events for each grade. Please sign up to help! [Day of Awesomeness Sign-Up](#)

Logo Contest Winner

Thank you to all the students who submitted an entry for the PTO's logo contest at the end of last school year! Incoming 6th, 7th, and 8th graders submitted entries. This is the winning entry by Allison Restivo, 6th grader. She can pick up her \$50 Amazon gift card in the Main Office! Thank you for your participation and congratulations Allison! Look for spirit wear with Allison's logo on sale soon!

8th Grade Social

Aloha 8th Graders! You don't want to miss the 8th-grade Social of the year on Thursday, September 21, from 6-7:30 p.m. at DCMS. \$1 from every ticket sale will be donated to the relief efforts in Maui. Please have your student bring this [EVENT PERMISSION SLIP](#) and the \$6 fee to the school office to receive their VIP bracelet to skip the line at the dance. Permission slips are required to attend the event. We're looking for volunteers to decorate, donate food, and chaperone. Thank you for your help. We can't do it without you! [Sign Up Here.](#)

Milk Caps for Moolala

MILK CAPS for MOOOLA is a program sponsored by Longmont Dairy that helps students earn money for their school and students. Longmont Dairy milk caps are worth 5¢ each and are redeemable for cash!

How does the program work?

1. Drink Longmont Dairy products
 - (Eligible cap products include Milk, Chocolate Milk, Strawberry Milk, Half & Half, Whipping Cream, Orange Juice, Lemonade, Raspberry Lemonade, and Classic and Cinnamon Eggnog.)
2. Save the bottle caps. Save as many as you can—from your bottles or collect them from your family and neighbors.
3. Bring your milk caps to school and put them into the collection box in the front office.

Raise Right

Turn everyday expenses into extraordinary opportunities for your organization by shopping with e-gift cards. Just download the Raise Right app, select DCMS PTO as your non-profit (**Enrollment code: ZN9Q45J31UEF**), tie your checking account to the app, then you shop! There are hundreds of retailers that have e-gift cards with percentage back deals - for instance, instead of spending \$100 at Old Navy and putting it on your credit card, go online to RaiseRight and buy a \$100 Old Navy e-gift card on your phone. Each retailer and restaurant has a different percentage, and it's a no-brainer way to raise funds for the school. Please email deercreekpto1@gmail.com with any questions!

Food For Thought BakPak Program

Beginning Friday, August 18th, 2023, (and each Friday thereafter), the **Food For Thought BakPak Program** will distribute sacks filled with food to students who need food during the weekends. The **Food For Thought BakPak Program** is a partnership of businesses, faith-based ministries, and the communities of SW Jefferson County who care about hunger needs of students in our schools. This program is designed for families who are struggling financially and may need support to provide adequate food for their children on weekends. The weekend bags consist of food for meals for each participating student. The food will be packed in a plastic grocery bag. It will fit in the child's own backpack or will be easy to carry. The food is distributed at the end of the school day each Friday.

If you wish for your student(s) to participate in this program, please complete the information below and return to the school office as soon as possible. If participating in this program, your student's name will be shared with Amanda Arnso, School Social Worker and the BakPak program coordinator for the purpose of labeling the bags.

If you have any other questions, please contact Amanda Arnson at 303-982-3820 or email them at amanda.arnson@jeffco.k12.co.us

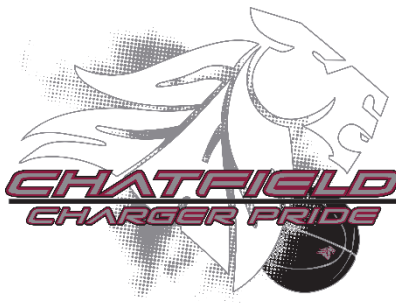

- - - - -
 Yes, I would like my child (children) to participate in this program.

CHATFIELD YOUTH BASKETBALL

Open to **Boys & Girls 2nd through 8th Grade** wishing to participate in the Winter 5on5 Basketball Season.

WINTER LEAGUE INFORMATION [Register Here:](#)

- Registration is open now through October 2, 2023, late fee of \$25 after Oct 2, late fee of \$50 after Oct 20.
- Available for boys & girls grades 2 through 8.
- \$280 per-player for grades 2, 3, & 4: 10-game guarantee plus playoffs for qualifying teams (top 8 in every division). Practice time is included. There will be an additional cost for Uniforms, see Jerseys & Uniforms section below.
- \$295 per-player for grades 5, 6, 7, & 8: 12-game guarantee plus playoffs for qualifying teams. Practice time is included. There will be an additional cost for Uniforms, see Jerseys & Uniforms section below.
- Individual Registration: we can place you on a team, or you can request to be on a specific team.
- Divisions for teams with various skills levels: Gold, Silver and Bronze in most grade levels for boys. Girls usually just have one division.
- No Sunday Games or Practices. PRACTICES begin October 30th.
- REGULAR SEASON GAMES begin Monday, November 27th and will conclude on or before February 17, 2024. Games could be any day of the week except Sunday.
- PLAYOFFS & LEAGUE CHAMPIONSHIPS are included as part of the League and will be held the week of February 20 and will end on or before February 24, 2024.
